

Timeline for Nomenclature Unit:

Day 1: Introduction/Pre-assessment

Day 2: Continue type 1 compounds

Day 3: Quiz on type 1 compounds/introduce type 2 compounds

Day 4: Continue type 2 compounds

Day 5: Quiz type 2 compounds/introduce roman numerals

Day 6: Quiz polyatomic ions/intro to polyatomic ion compounds

Day 7: Continue roman numerals

Day 8: Quiz on roman numerals/continue polyatomic ion compounds

Day 9: Continue polyatomic ion compounds

Day 10: Go over packet of materials and review all types

Day 11: Quiz on polyatomic compounds and all other types

Day 12: Review for test

Day 13: Test
